How does it work?

- Bring your damaged carbon fiber bicycle frame and components to SCW for a FREE, no hassle consultation.
- We will evaluate the damage, provide a FREE price quote and a completion date.
- Or bring your bike to your local bike shop, let them disassemble it for you. When you specify SWC for the repair we provide FREE pick-up from and delivery to the bike shop.

How much does it cost?

- Repairs average from \$100 to \$350+ depending on the location and severity of the damage.
- Painting and decal replacement range from \$100 to \$250+ depending on the desired finish, Basic Clear Coat to "It Never Happened".
