

## Update on Redistricting Legislation

Please ask your members to call HSEIC Monday morning.

**HB211 Redistricting Act has been filed in the House** by Representatives Dow, Figueroa, Fajardo and Garratt. We have over fifteen co-sponsors, Republican and Democrat. It is assigned to House State Government, Elections and Indian Affairs Committee (HSEIC). Please *call* and urge the Committee to support the Redistricting Act, HB211. We are told legislators are not reading emails due to overload and office phones are only answered on weekdays during business hours. Please call Monday.

The Senate version of the bill will be filed on Monday by Senators Ortiz y Pino and Moores. We expect it will go to Senate Rules and Senate Judiciary. We will send out an alert once we get a bill number.
