Leading up to the 75th Anniversary of Pearl Harbor in 2016, our office will be hosting a Warrior Workshop each month. We invite any veterans, military members, or their friends and family to attend a workshop if they have questions or need assistance with Department of Veterans Affairs. We can help with initial applications and appeals of a VA disability claim, VA Medical Center appointments or care issues, Montgomery GI Bill, VA Home Loans, and more. Please contact our office at 505-346-6781 if you have any questions or to request any accommodations.
