

CITY OF ALBUQUERQUE

Albuquerque Police Department

Michael J. Geier, Chief of Police

April 13, 2020

All Community Members
APD Southeast Area Command
Albuquerque, NM

Dear Southeast Community:

I wanted to take the time to reach out to our community to provide assurance during this time. I want to assure you the department has taken measures and implemented new procedures to ensure our officers stay healthy and safe. Southeast officers are extremely hard working and dedicated to our community and continue to provide our community with the necessary police response during this time. At any time be assured police will respond should any issue(s) arise, just be patient with our officers who continue to provide the best service possible while remaining safe so they can continue to serve.

400 Roma NW

Albuquerque

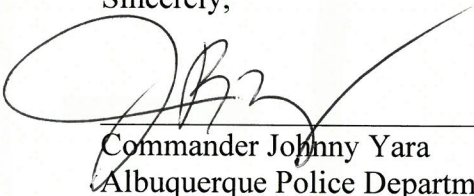

New Mexico 87102

As you know all social gatherings such as neighborhood association meeting, business coalition meetings, CPC meetings, etc. have been suspended. My team stands committed to address any issues that arise outside the scope of immediate police response. As usual, I am always available and will provide whatever help or resources I can. If there is anything that any of you need, please do not hesitate to reach out to me or our Crime Prevention Specialist. Jose Brionez, jbrionez@cabq.gov, 256-2050.

Please, let's all do our part to keep a safe social distance and stay home.
