Re: Tree pruning work scheduled for Hyder Park

Greetings,

We have our city tree work contractor, Desert Gardens Outdoor Services, lined up to come in to Hyder Park starting the week of August 10, 2020, to do maintenance pruning on the old Siberian elm trees. At this time – NO REMOVALS are planned; that may change if severe issues are found while doing the work.

We will post signs in the park as well, but would very much appreciate your assistance in getting this word out to your respective citizens.

Thank you very much,

A handwritten signature in black ink, appearing to read "Joran Viers".
