- Help shape Albuquerque's
Desired Community Conditions
for the next four years

Survey

What kind of Albuquerque do you want to see over the next four years?

The **City of Albuquerque Indicators
Progress Commission** is inviting
residents, business owners, students,
and community members to help
identify the priorities that will shape
Albuquerque's future.

Your input will help update the
City's Desired Community
Conditions (DCCs)—the
community-defined outcomes
that guide long-term planning,
budgeting, and decision-making.

Whether you've lived here
your entire life or recently
made Albuquerque your
home, your perspective is
important.
