Participatory Budgeting (PB) in District 6 has two upcoming events we wish to invite you to attend. Councilor Rogers will be at both events.

We also encourage you to bring a friend who either lives, works or goes to school in our district, as they are the only folks allowed to vote in PB6. The only other voting restriction is you cannot vote if you are 10 or younger. YES, YOU READ THAT RIGHT, 11years old and up are allowed to vote. We are trying to teach our children the importance of voting and engaging in their community.

The goals of all PB voting events are to:

- 1) Learn more about PB and view the beautiful posters that help explain the projects that you are being asked to vote on
- 2) Provide an opportunity to engage with and get know your neighbors throughout the district.

By implementing PB in her district, Councilor Rogers is affording the citizens an opportunity to determine where and how our bi-annual infrastructure allotment will be spent. And while this is huge, and the first ever for the city of Albuquerque, the real jewel of PB is that it is a beautiful vehicle for BUILDING COMMUNITY.

WE HOPE TO SEE YOU SOON
